 - Unique capabilities and partnerships
 - Capacity
 - Transformation mission

Partnerships are key to our success

U.S. Joint Forces Command Mission

United States Joint Forces
Command

Provides mission ready joint
le

forces, and supports the
opment

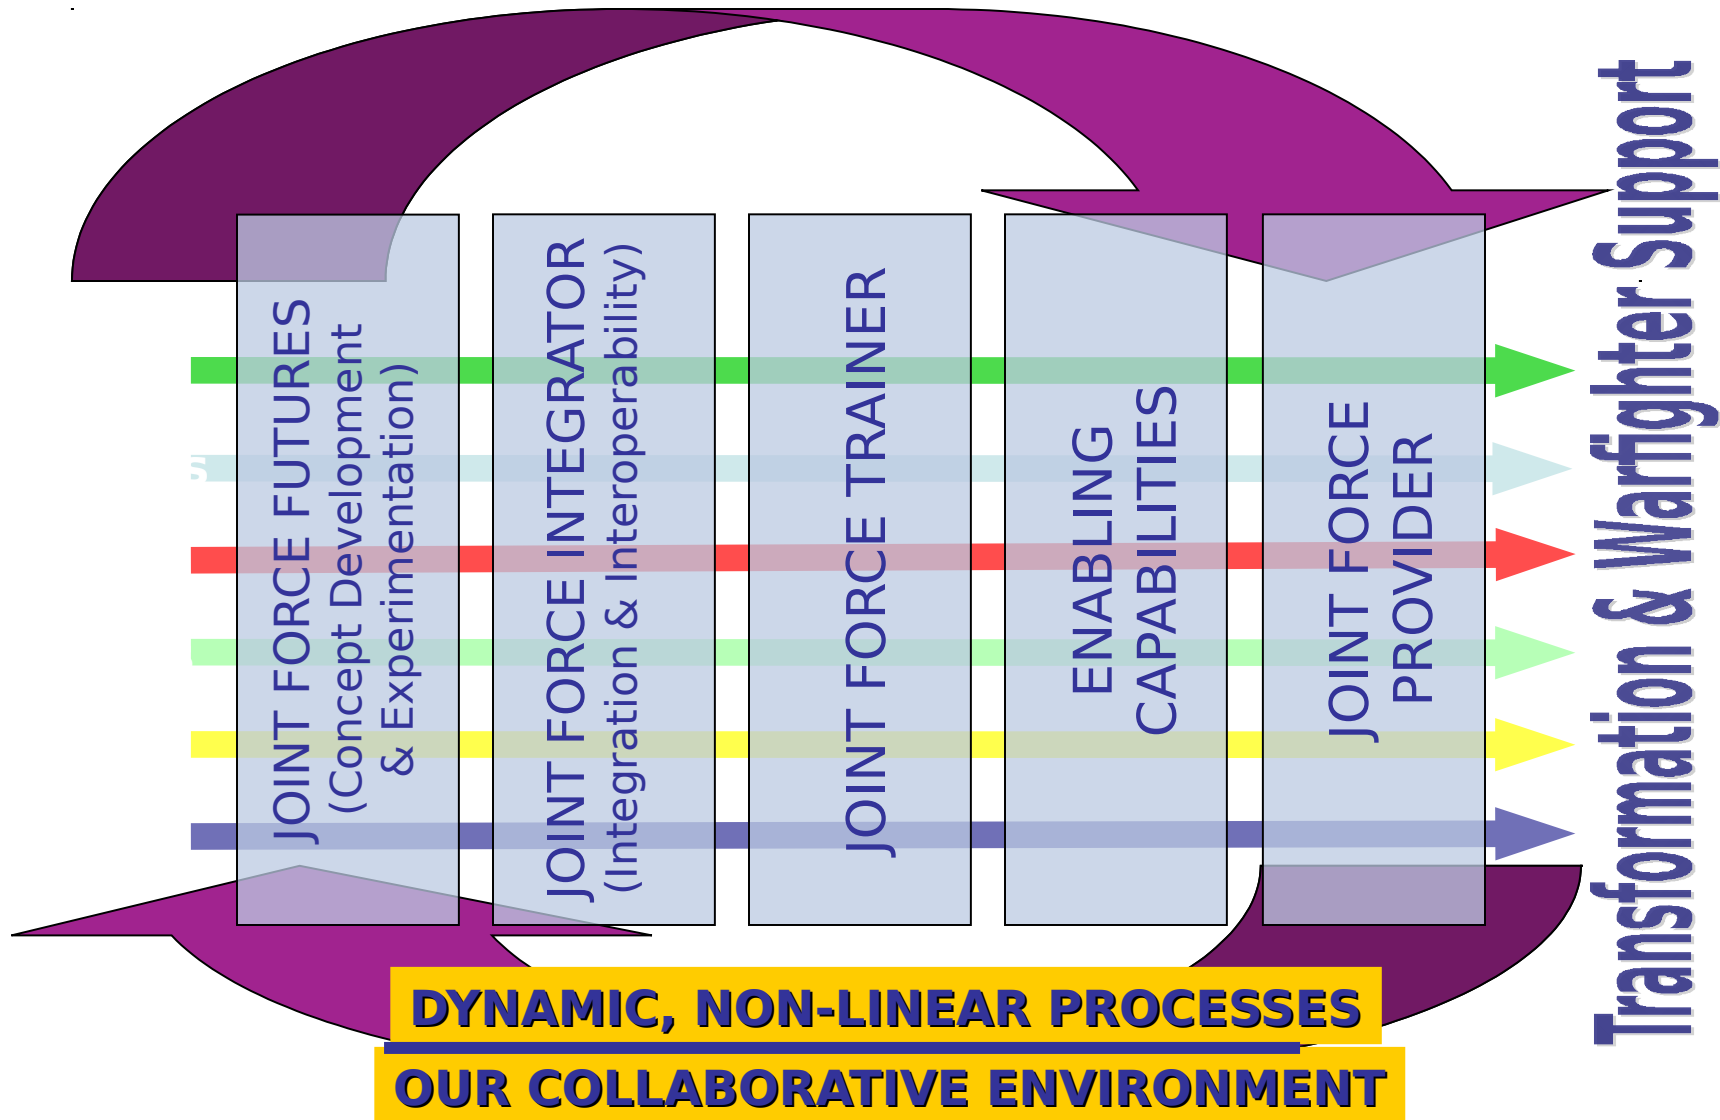

and integration of Joint,
Interagency, and
national

capabilities to meet the

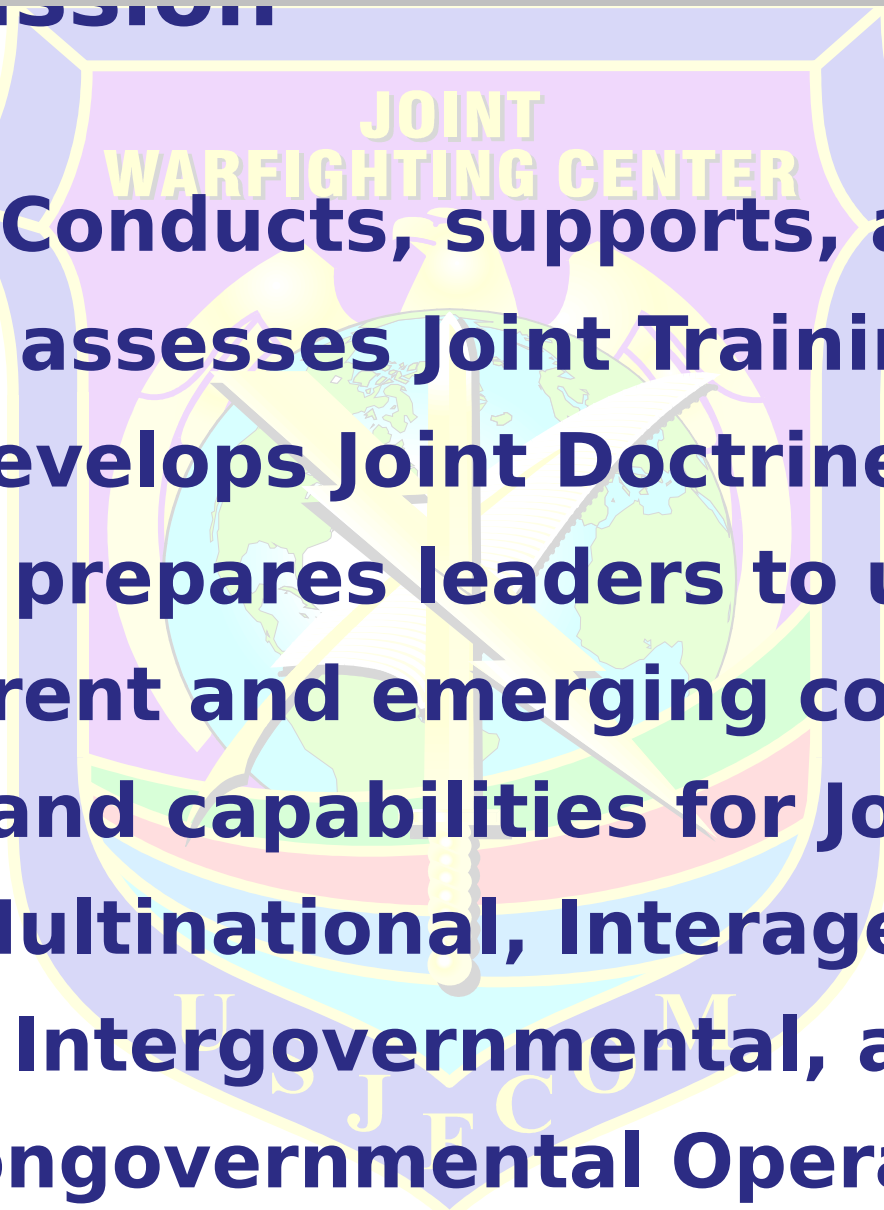

USJFCOM Priority Focus Areas

- Improving the way **forces are provided to Combatant Commands and their capabilities managed for the Long War**
- Enhancing the **interoperability of command and control** so decision makers at all levels have the right information at the right time
- **Organizing, training and equipping Joint Task Force Headquarters** and provide enabling capabilities to make them effective
- **Merging operations and intelligence** so we can find the enemy as well as we fix/finish/analyze and exploit
- **Providing enabling capabilities that support Joint Force Commanders** so that they can rapidly and effectively stand up their JTF HQ and execute their assigned mission

Non-Linear Movement

Joint Warfighting Center Mission

**Conducts, supports, and
assesses Joint Training,
develops Joint Doctrine and
prepares leaders to use
current and emerging concepts
and capabilities for Joint,
Multinational, Interagency,
Intergovernmental, and
Nongovernmental Operations**
